59.

COUNCIL CHAMBER SPEAKER SYSTEM:

The Town Clerk reported concerns expressed by some members in particular Councillor J Johnson about the performance of the speaker system in the chamber with particular reference to the last meeting. The system was subject to an annual maintenance contact and had recently been serviced .Upon examination he had identified the appropriate channel and volume switches which he had now adjusted to give a better performance. Members concurred that the system was indeed now satisfactory but reflected that it may be that guest speakers needed more instruction in how to address the microphone to give a satisfactory result. It was suggested that the situation be kept under review and that costings could be obtained for a more modern system. After discussion it was:-

RESOLVED:-

That the performance of the system be kept under review and that estimates for an upgrade be obtained for the budget process 2018/19
